FOREWORD

The Calendar of Expiring Agreements is a compilation of major collective agreements in British Columbia which are scheduled to expire in the coming year. The publication includes those expiring agreements which cover 25 or more employees.

The total number of agreements and employees covered by expiries listed in the Calendar likely understates to some extent the bargaining activity to be expected during 1988. First, it is not possible to anticipate bargaining which will arise from first-contract negotiations where a trade union has been newly certified by the Industrial Relations Council. Second, at the time data for the Calendar was being assembled in November 1987, a number of collective agreements were in the process of being re-negotiated. Some of these renewed agreements will likely expire in 1988 but at the time of the publication it was not known which of them will be up for negotiation again in the coming year. A revised list of upcoming expiries is published each month in Collective Bargaining Information which is available from the Queen's Printer in Victoria (387-1901).

The information contained in the Calendar was compiled by Fern Hegan and typed by Lydia J. Gladman of the Policy and Legislation Branch. Our thanks are extended to employers and unions who co-operated in providing expiry information to the Branch.

INTRODUCTION

A total of 385 collective agreements covering 25 or more employees will expire in British Columbia during 1988. These expiries cover 211,930 employees in the province. The number of expiries scheduled to be renegotiated is higher than the number reported in the 1987 calendar (332) and covers more employees than did last year's list of expiries (117,216).

The largest expiry in 1988 is the agreement between the B. C. Government and BCGEU covering 32,481 employees. This 33 month agreement expires on July 31. There are a number of large expiries in forestry as the IWA negotiates with Forest Industrial Relations Association (19,000 employees), the Interior Forest Labour Relations Association (5,000 employees) and Council on Northern Interior Forest Employment Relations (3,000 employees). Major pulp and paper agreements also expire at the end of June, 1988. Other large expiries include agreements between Construction Labour Relations Association and the Building Trade Unions (28,237 employees), and the school district agreements between the seventy-five Public School Boards and the B. C. Teachers (30,000 employees).

About 62.3 percent of the collective agreements expiring during the coming year are two-year contracts which have been in effect since 1986. There are 240 twenty-four month agreements up for renegotiation - See Table 1. The proportion of expiring two-year agreements in 1988 is higher than that shown in the 1987 Calendar (50%) and the 1986 Calendar (55%). In the 1988 Calendar, about 28.5% of agreements were longer than two years compared to 37.3% in 1987.

The two months in which the largest number of collective agreements are scheduled to expire are April (74 expiries) and March (70 expiries). The next busiest month on the bargaining calendar is December with 60 expiries - See Table 2A. In terms of the number of employees, the months of June and July are most important (79,061 employees and 36,362 employees, respectively).

The industry with the largest number of expiries in 1988 is Manufacturing with 150 agreements covering 69,581 employees. Community Services sector has the second highest number of expiries (56) covering 39,766 employees.

Table 3 of the Calendar contains a chronological list of 1988 expiries by month. Individual expiries are listed by industry in Table 4.

Following is a list of major collective agreements due to expire in 1988 which cover 500 or more employees.
